Create colorful artwork in the 8 1/2" x 8 1/2" space below line.

## **IMPORTANT REMINDER!**

FILL THE SPACE with vivid color and backgrounds. Keep the important parts of the picture centered in the space and write signature and/or date within the body of the picture OR at least 1" from the edges. Border areas (if desired) must be 1" thick.

NOTE: If directions are ignored, some text or details will be cropped during product printing. NEVER draw pencil guidelines or leave border areas white.

## **SIGNATURE TEMPLATE DIRECTIONS**

1. Cut out shaded rectangle area.
2. Place form over FINISHED artwork.
3. Write name, date or both within the opening to ensure that the entire text will appear on finished products.

*Very young children do best when writing their name from left to right side of paper. If you want signatures to be on the bottom right side, turn template over)*
